REV. W. C. TYREE, D. D.,
Pastor.

WORDS FROM THE PASTOR.

I am glad to know that all our members will be supplied with a copy of this manual of the First Baptist Church. I hope it will be carefully read now, and preserved for frequent reference in the future. It contains information which every member ought to have. A church of Christ is a Divine Institution. Christ himself established it. Therefore its claims upon its members are sacred and our obligations to our church are very solemn. We may regard our church as a part of God's vineyard and every member is required to work in it so that it may bear much fruit. We may also regard our church as a family circle for we are all "children of God by faith in Christ." It is therefore our duty to bear our part of all the family expenses and to know and love each other as brothers and sisters.

This manual informs you in regard to the officers of the church and all the different departments of the church work. May I not, as your pastor, emphasize the importance of these different phases of God's work, which the church is doing, and urge upon you your duty to help, by your regular attendance, your prayers, your personal work and your contributions. God tells us we must not forsake the assembling of ourselves together; so it is plainly our duty to attend regularly public worship, and we ought not to stay at home on Sunday unless providentially kept away from church. The preaching of the Gospel is a means of grace to God's people. It helps us to resist our temptations, to bear our burdens, and to perform our duties. It is wrong to deprive ourselves of these important benefits and blessings. And when we stay away from church on Sunday we set such a bad example before others. Children will surely be careless about going to church when their parents do not attend regularly.

Our Sunday School ought to be a meeting of the *whole church* for the study of the Bible. Surely we all ought to know and need to know more of God's word. It is the chart of life. The world's greatest need to-day is a better knowledge of the Bible, and every Christian is under a solemn obligation to help in teaching the word of God to others. Have you my brother or sister any excuse which God will accept for not attending

and working in the Sunday School? Is it not just as much your duty to do so as it is the duty of those who now attend? Will you not feel when you die that you have neglected your duty, if you do not attend the Sunday School? The prayer meeting is essential for the spiritual development of the church and its members. Those who attend regularly, say it is as profitable and enjoyable as any meeting of the church. Can't you come and come regularly? I believe if all the members of our church, who could do so, would attend our prayer meetings and pray for the conversion of souls we would have a perpetual revival of religion. It encourages the heart of the pastor to see that our Youg Peoples' Meeting has been kept up so well, by the faithful and persistent efforts of some. But he longs to see all the young members regular attendants at this meeting for he knows they need the benefits to be derived from it. This is really a training school for young christians. Every young christian ought to avail himself of every opportunity to prepare for life's usefulness.

There are two Societies for the christian women of our church, to work in—the Missionary Society and the Aid Society. Every sister in our church ought to feel under obligations to do some regular work for the Master. Both of these Societies have done a great deal of good, although the membership in both has always been much smaller than it ought to have been. My dear sister, I believe you would be a much happier christian if you would join one or both of these Societies and become an active worker for Christ. Don't you think you ought to do some active church work for Jesus? This is your place in church work.

In regard to church expenses I hope you see and feel your duty to bear your part. It certainly is not right or honorable to be a member of a church and fail to contribute to its support, as far as we are able, for this makes others bear our burden or keeps God's church in debt which is a shame in his sight. Our church is a Missionary Baptist Church. Its members profess to believe in missions. We believe that Christ commands us to preach the Gospel to all the world just as plainly as he commands us to be baptized. It is not consistent to be a member of such a church and not contribute as liberally as we can to the different missionary objects. Are you doing as much for missions as you ought to do? Soon you

must give an account of your stewardship. Suppose you pray about this matter. Ask God to show you your duty and help you to perform it.

One other thing I wish to call your attention to. Do you participate regularly in celebrating the Lord's Supper? I believe this is one of the plainest, and most sacred, and most important duties and privileges of God's people. My dear brother or sister, I really believe it is sinful disobedience for a church member to neglect this ordinance. It grieves me to see members of our church going out with the world at our communion services. Let me entreat you because of my love for you and concern for your soul not to turn your back upon the Lord's table any more. Do you feel unworthy? This should not keep you away, for it is a good place to confess your sins. *If you are worthy to be in the church you are worthy to partake of the supper.* I am sure you grieve the Savior every time you refuse to obey his tender request, "Do this in remembrance of me." I know you will receive kindly what I have said for I love my people and earnestly desire to do them good. I simply mean to help you by this admonition to be more consistent and faithful and useful. Life is so short. We have but a little while to serve Christ. Let us try to serve him faithfully while we live. So soon we will reach the end of our journey. Let us try to have a bright crown awaiting us.

I am ready to serve you at any time and in any way I can. If you are sick or in trouble and need me send for me, just as you would send for your physician and I will gladly come. Please do not complain because I do not visit you often. Remember we have about six hundred members and about three hundred families represented in our church. I try to visit as many as possible every day, and visit all alike; but it is impossible for me to come often. I have requested the deacons to assist me in this part of my work, by visiting regularly the members assigned to each one. When they come I am sure you will receive them kindly and talk with them freely about church work. Please pray for your Pastor every day. Ask God to direct him in his work and bless his ministry, especially in winning souls to Christ. May God richly bless you in temporal and spiritual things.

Affectionately your Pastor,

W. C. TYREE.

THEY ALL "HANKER" AFTER IT,

whether it be the school girl that proverbially loves candy in any form, or the fastidious palate that will have nothing but the choicest—they all want our delicious candies. Our chocolates, marshmallows, nut and cream candies, peanut brittle and brittles in variety are certainly tempting and toothsome morsels.

J. L. WHITMORE,

THE BAKER.
